WINSTON SALEM, N. C., July 12.—A coroner's jury unwilling to call it a suicide accident or murder has ascribed the death of young Smith Reynolds to a party of parties unknown.

The verdict coming late last night after sensational and first-hand testimony had the immediate effect of freeing from custody the young tobacco heir, widow—the torch singing Libby Holman—and 19-year-old Albert Walker, her chauffeur.

Whether it will end official interest in the death of the 20-year-old Reynolds following a car crash which parts at his estate early on the morning of July 6 is undetermined. The grand jury was called to meet today. It is in its power to pursue the investigation.

Walker had been held in jail for two days as a material witness.

After Reynolds, who as Libby Holman was a Broadway favorite before her marriage last year to the young heir to part of the R. J. Reynolds tobacco millions, remained at the Reynolds estate where her husband was shot. With her were her parents.

Developments came rapidly. Numerous developments, many sensational, marked the final day of the coroners' inquest.

Beginning in early afternoon questioning of witnesses led by Miss Reynolds occupied a six-hour session.

The jury heard the 26-year-old widow, daughter of a Cincinnati attorney, describe unappetizingly which prompted young Reynolds to make suicide threats on several occasions.

Some of these times she said she was led to believe he was crazy. At least once she said she expressed the belief to him. It caused him, she said, to leave her and spend the night at a hotel from which she said he would go next morning to have his head examined.

She explained that he was melancholy, fearful that a lapse of vitality would cost him his love. Once she said he used her to have an affair with another man.

To this suggestion she said she replied:

"No, no. I told him my love for him was too great to be impaired by any one thing."

Walker told the jury of her brief wretched life as Walker's story of the tragic night when after Smith had been pestered at

ONE ADDED TO DEATH TOLL

Attack on O. N. G. Camp Results in Fatal Shooting of Youth

By The Associated Press
COLUMBUS, O., July 12.—One more victim was added to the list of those killed in the attack on the O. N. G. Camp today in the fifth month of Ohio coal strikes.

One man was killed in a gun battle at Channery, Athens county, a New York Central bridge near the same village was dynamited and the Kanawha and Michigan railroad bridge at Athens county, was fired early today in what authorities said was an attempt to strike miners in industrial workers.

The dead man is Ray Freeman, an 18-year-old youth whose body was found in a cemetery a short time after an unknown number of persons fired on a National guard camp at Channery.

O. N. G. Camp Attacked

Almost immediately after the New York Central bridge was dynamited an undetermined number of persons began pouring into the camp and the National guard returned the fire and within a few minutes the camp was a smoking ruin. The camp was a small building and was unable to be destroyed.

The severity of the fire was attested today when an inspection of buildings surrounding the camp of the Kanawha and Michigan mine at Channery, revealed every building riddled with bullet holes and high powered fifty shells lay about the mine mouth in abundance.

Bridge Slightly Damaged

Damage to the New York Central bridge was extensive. The middle span was wrecked necessitating the resurfacing of traffic. A bridge crew went to work on the structure immediately after daylight, and it was expected it would take most of the day to repair it.

The other bridge was only slightly damaged. It was fired after being attacked with inflammable liquids. It was extinguished by neighbors.

A new shot resulted in Belmont county in the eastern part of the state when Sheriff Howard Duff and a number of deputies attempted to break up a crowd of pickets at the President mine.

The sheriff and his deputies arrested the pickets in a dispute. They defied him and when he was surrounded by the local National guard, they were surrounded and dispersed the crowd. The sheriff was sustaining a working party to the mine.

25 Under Arrest

Twenty-five alleged strikers were arrested at the Pacey Pits mine of the Hanna coal company in Jefferson county. While they created a

Acting Municipal Judge J. D. Williamson stated he would announce his decision Wednesday at 2 p. m. in the case of Robert Creasap, charged with obstructing police in the performance of their duty, after a hearing in Creasap's case this morning.

When police entered the Sara toga pool room last Friday night to check a report that a crap game was in progress there, Creasap, according to testimony, told W. L. Marks and Patrolman Henry Smith and A. W. Allen, who were a group of men of the presence of the officers by tapping on the window with a coin.

The men standing around the counter scattered when they recognized the police. The officers testified that one of the men was holding 10 one dollar bills in his pocket as he moved away from the counter.

National Guard officers on duty at Chubbey resorted to tear gas once during the wild early morning skirmish. The disturbance subsided after an armed National Guard unit from Nelsonville rushed here at the request of Major David Smith began patrolling the streets.

Guards Moved as

By The Associated Press
COLUMBUS, O., July 12.—Twenty-five National Guardsmen on duty in the Ohio coal strike zone were rushed to the President mine today when a crowd of about 1,000 defied Sheriff H. H. Duff and a number of deputies who were escorting workmen into the mine.

The National Guardsmen were rushed to the mine after Sheriff Duff had called the crowd which he said was threatening to push its way into the mine. He said the crowd dared the sheriff to arrest them in order to break the mine company financially and force the people to agree to their demands.

Major Paul Patton, commander of the National Guard detail, ordered his men to advance on the crowd with fixed bayonets. The group gave way after a few minutes when they threatened to be a critical situation was averted.

ROOSEVELT ASSAILED IN SPEECH BY MILLS

Treasury Head Launches C. O. P. Campaign by Scoring Rivals Address.

By The Associated Press
BOSTON, July 12.—Oscar L. Mills, secretary of the treasury last night opened the Republican presidential campaign by criticizing in its entirety the acceptance address of the Democratic nominee Governor Franklin D. Roosevelt of New York. Secretary Mills centered his address around the charge that Gov. Roosevelt has no program to meet the economic situation.

The treasury secretary sought of the New York governor specifically that the administration has failed to do or has done in this emergency that is open to fair criticism.

To the criticism directed at the administration's credit achievements Mills pointed to the establishment of the Reconstruction Finance corporation and provisions for additional credit for federal land banks and at local banks.

The effect of Gov. Roosevelt and his policy to drastic economy abolition of useless offices and consolidation of government bureaus were not with the assertion that expenditures of the state of New York increased by one third from 1929 to 1931. That Democrats of the house voted by a large majority for Governor Roosevelt's measure and that they declined to give the President the authority to abolish useless bureaus.

Mills took up the problem that confronts the American farmer with the comment that other than Gov. Roosevelt's suggestion "that interest rates on farm mortgages should be reduced without saying how it is to be done" he found nothing in his program which does not constitute a mere endorsement in principle of what has and is now being done.

FLORIO PACES FIELD IN AKRON TOURNEY

Columbus Golfer Records 70 To Lead Pack by Three Strokes

By The Associated Press
AKRON, July 12.—Johnny Florio, smiling Italian lad from Columbus and state champion in 1930 took a jump on the field today in the first 18-hole qualifying round of the Ohio amateur championship and came home with a sparkling 70 one under perfect figure.

This was three strokes better than any other in the large field and secured Florio a slight foot put for a 69 hang on the lip of the eighteenth green cup. With a little more luck with his putts Florio might well have turned in a 65 or 66. No less than four times putts stopped on the lip of a cup so close that a gentle breeze would have pushed them in.

The outward end of it showed even less on all except the second when his drive sliced into the woods and he had to play safe. Counting home he finished the eighth and sixteenth and the rest even put for a 33.

Four strokes back of Florio came four players with 74. They were Eddie Hamann of Dayton, Harold Cook of Toledo, R. T. Lott of Tiffin and Harold Walter of Toledo. E. P. Raymond of Zanesville was next in line with a 76.

'UNKNOWN' BLAMED IN REYNOLDS DEATH

Widow, Companion Freed After Long Quizzing Brings Numerous Developments

Continued from Page One

Libby all night the tobacco heir announced he was going to end it all. Reynolds rushed up stairs. Walker said, and the sound of a shot was heard immediately after.

Miss Ruby Jenkins, nurse at Baptist hospital where the dying Reynolds and his hysterical wife were taken early the morning of July 6, was a witness. She said Libby clad in negligee was taken to a room and that Walker soon made his appearance. The nurse and Miss Ethel Stone, night supervisor, said they heard a commotion in the room and investigating found Libby and Walker struggling to arise from the floor.

"Oh my baby my baby," Libby was quoted as saying and don't you know I'm going to have a baby," in reply to Walker's question of what she meant.

Miss Jenkins said she heard Walker tell Mrs. Reynolds not to discuss the shooting before others described "mental lapses."

Libby's testimony that she could remember nothing save the actual shooting between 11 p. m. July 4, and the afternoon of July 6, was coupled with the evidence given by others of continued heavy drinking at Reynolds for several days.

During her one lucid period during the time of the mental lapses she described Libby said she saw Reynolds kill himself.

Apparently not satisfied that a sufficient motive for suicide had been established the coroner's jury refused to cast out the stories of Libby and Walker and left the case open for any further investigation authorities might wish to make.

Solicitor McMichael declined to make any statement as did Sheriff Latham, who refused to accept Coroner W. D. Dalton's original suicide decision revealed in the subsequent inquiry.

Sherriff Scott indicated he might make a statement later.

The coroner was non-committal.

Preparations to Leave

Mrs. Reynolds fought off physical and mental exhaustion today as plans were made for her to leave the fatal Reynolds family estate here.

Alfred Holman of Cincinnati, her father who stood by and comforted her yesterday, was the certified for the second time before a coroner's jury, said the former Broadway singer of blue songs would be taken to the country or the moon (as she is able to travel).

The young widow, whose marriage to Reynolds was suddenly and tragically ended by his death early last Wednesday is expected by her father to be in condition to make the trip within a day or two.
